Maximum Marks	5 Marks

Project Overview

Project Name: PetPaws — Pet Foods & Accessories Store

Project Description: A full-stack MERN e-commerce web application exclusively dedicated to pet products, including pet food (dog, cat, bird, fish), toys, grooming products, health supplements, cages, leashes, collars, beds, and all pet-related accessories. The application provides a domain-specific shopping experience for pet owners and a comprehensive admin dashboard for store management.

Project Version: v1.0.0

Testing Period: [Sprint-4 Start Date] to [Sprint-4 End Date]

Testing Scope

Features to be Tested

- User Registration, Login, and JWT Session Management
- Product Catalog Browsing with Category, Pet Type, Price Range, Brand, and Rating Filters
- Full-Text Keyword Search and Sort Functionality
- Product Detail Page: Image Gallery, Variants, Stock Status, Add to Cart
- Shopping Cart: Add, Update Quantity, Remove, Clear, Free Shipping Calculation
- Wishlist: Add, Remove, Move to Cart
- Multi-Step Checkout: Address Entry, Payment Method Selection, Order Review, Order Placement
- Order History, Order Status Timeline, and Order Cancellation
- Product Reviews: Submission, Verified Purchase Badge, Rating Aggregation
- User Profile Management: Name, Phone, Password Change, Address CRUD
- Admin Dashboard: KPI Cards, Revenue Chart, Low-Stock Alerts, Top Products
- Admin Product Management: Create, Edit, Soft-Delete, Search, Featured Toggle
- Admin Order Management: Status Update, Tracking Number, Status History
- Admin Customer Management: Search, Activate/Deactivate
- Admin Store Settings: Shipping Fee, Tax Rate, Banner Management

Testing Environment

Frontend URL: http://localhost:5173
Backend URL: http://localhost:8000
Admin Credentials: Email: admin@petpaws.com | Password: admin123
User Credentials: Email: john@example.com | Password: user123
Database: MongoDB (local) petpaws collection | Seeded via: cd server && npm run seed

Test Cases

TC ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass / Fail
TC-001	User Registration	1. Navigate to /register 2. Enter username, email, password, confirm password 3. Click Create Account	Account created; JWT stored; user redirected to homepage with welcome toast	[To be filled]	[Pass/Fail]
TC-002	User Login	1. Navigate to /login 2. Enter email and password 3. Click Sign In	JWT stored in localStorage; AuthContext updated; redirected to homepage or previous page	[To be filled]	[Pass/Fail]
TC-003	Admin Login	1. Navigate to /login 2. Click 'Admin Login' demo button 3. Click Sign In	Admin user authenticated; redirected to /admin/dashboard; admin sidebar visible	[To be filled]	[Pass/Fail]
TC-004	Product Category Filter	1. Navigate to /products 2. Select 'Dog Food' from category filter 3. Observe results	Product grid refreshes showing only Dog Food products; total count updates correctly	[To be filled]	[Pass/Fail]
TC-005	Keyword Search	1. Enter 'royal canin' in search bar 2. Click Search	Results filtered to products matching 'royal canin' in name, description, brand, or tags	[To be filled]	[Pass/Fail]
TC-006	Add Product to Cart	1. Click Add to Cart on any product 2. Verify navbar cart badge	Cart badge increments by 1; toast 'Added to cart 🛒' appears; item persisted in MongoDB	[To be filled]	[Pass/Fail]

TC-007	Cart Quantity Update	1. Navigate to /cart 2. Increment item quantity by 1 3. Verify total updates	Item quantity increments; subtotal, shipping, tax, and grand total recalculate correctly	[To be filled]	[Pass/Fail]
TC-008	Checkout — Step 1	1. Navigate to /checkout 2. Enter shipping address details 3. Click Continue to Payment	Step 2 (Payment) becomes active; address saved; back button returns to Step 1	[To be filled]	[Pass/Fail]
TC-009	Order Placement	1. Complete all 3 checkout steps 2. Click 'Place Order' on Step 3	Order created; cart cleared; redirected to /order-confirmation/:id with Order ID displayed	[To be filled]	[Pass/Fail]
TC-010	Order Cancellation	1. Navigate to /orders 2. Click a Pending order 3. Click Cancel Order	Order status changes to Cancelled; stock restored; cancel button no longer visible	[To be filled]	[Pass/Fail]
TC-011	Product Review Submission	1. Navigate to a product detail page 2. Click Reviews tab 3. Enter 5-star rating, title, comment 4. Submit	Review appears at top of list; Verified Purchase badge shown if user has Delivered order; product rating updates	[To be filled]	[Pass/Fail]
